

Hello!

The American Cancer Society is set out to end cancer as we know it, for everyone. We do this by improving the lives of people with cancer and their families through advocacy, research, and patient support, to ensure everyone has an opportunity to prevent, detect, treat, and survive cancer.

In the area, we host five different fundraising events to celebrate lives and lead the fight for a world without cancer. While progress has been made in cancer research, we still have a lot of work to do. Our events will support the advancement of new discoveries in research and treatment as well as increase health equity with access to care and vital patient services. Our auctions are critical components of our events. The funds raised during the auctions will be used for further research focusing on health equity and cancer disparities, along with local efforts focused on our own Fort Wayne and surrounding communities. We need your help! We would greatly appreciate your donation to our auctions this year.

As an auction donor, your investment allows the Society to help people facing the disease today, educate people how to reduce their risk for cancer or detect it early when it's the easiest to treat, and fund cancer research that will help protect future generations. We do this by drawing on the values of humanity to encourage prevention, raise awareness, foster innovation, inspire generosity, deepen understanding and provide care.

I invite you to join me and help the American Cancer Society continue to attack cancer from every angle. Please fill out the commitment form on the other side of this letter and email or mail it back to me.

Thank you for your thoughtful consideration of my request. If you have any questions, you may contact me directly.

Sincerely,

Kayla Crawford
Senior Development Manager
American Cancer Society
